Good day,

Apologies on not responding sooner. I was on leave when your message came in and am just now catching back up.

I'd be glad to assist with this request. In order to be added to Dr. Nance's calendar, there is a simple form to complete so we can get you in queue.

When I return to my desk, I will send the form to you.

Dear Ms. Gonzalez,

I'm reaching out to see if you could offer assistance scheduling a call with Dr. Nance with community and environmental groups concerned about the serious environmental injustice and health threats in St. John the Baptist Parish. We are seeking this call in view of the many recent developments illustrating these problems and showing an urgent need for prompt and robust EPA action using its full authority to protect the community's health and well-being. Concerned Citizens of St. John, Louisiana Environmental Action Network, and Sierra Club will likely join this call. We are glad to share the list of participants with you in advance.

I have attached some background on some of the air pollution issues in St. John the Baptist Parish, including a 2016 EPA action plan, a 2021 petition for emergency action and rulemaking, and two consent decrees in recent clean air rulemaking matters.

Please feel free to call me at the number below or my colleague Emma Cheuse (cc'd here, and available at (202) 667-4500 ext. 5220), if helpful to discuss.

Best,

Deena
